

# AUDITING YOUR DIGITAL FOOTPRINTS

Understanding the First Line of Defense in Cyber Security

6 April 2017

Marina Bay Sands, Singapore

## WHY DO WE NEED TO TAKE CYBER SECURITY SERIOUSLY?

There are only two types of companies: those that have been hacked, and those that will be. Even that is merging into one category: those that have been hacked and will be again.

*Robert Mueller, Former Director Of FBI*

An effective cybersecurity posture is crucial to protecting your organisation's data, your customer data. For your business continuity, you need to maintain trust and a solid reputation to gain and retain clients.

## WHO SHOULD ATTEND

- CEO, Heads of Departments
- IT Directors, Risk Managers

### GAIN AN BRIEF OVERVIEW ON:

- Emerging Cybercrime Trends from 2016
- Pre-insurance Assessments
- Vulnerability and Penetration Assessments
- Compliance assessments
- Cybersecurity Vulnerability Remediation

## DISTINGUISHED SPEAKER

A reputed speaker on Cyber Security issues, Troy Wilkinson was with the U.S. Department of State.

Working under the George W Bush and Obama presidencies, he was a top U.S. cyber investigator seconded to the United Nations and European Union to lead investigations into political corruption, organized crime, war crimes, financial crimes and terrorism. Together with a team of international investigators, Wilkinson built the first IT forensics lab in the European Union Mission in Kosovo where he trained police officers in Cyber Security.
